

# TRISHAD PHOGOLE

**Location:** Johannesburg | **Phone:** (+27) 676332024 | **Email:** www.phogoletrishad7@gmail.com

**Linkedin:** Linkedin | **Portfolio:** Portfolio | **Github:** Github

## Professional Summary

---

Curious and detail-oriented Data Scientist with hands-on practical experience in data analytics, machine learning, artificial intelligence, and business intelligence. I have a proven track record in developing predictive models, automating data workflows, and creating interactive dashboards for both technical and non-technical stakeholders. Skilled in extracting actionable insights from complex datasets and delivering scalable, end-to-end data science solutions. Passionate about leveraging advanced technologies to optimise operations, and drive innovation. Recognised for improving operational efficiency and enabling performance growth through data-driven recommendations. Committed to continuous learning and staying up to date with the latest industry trends and emerging technologies.

## Work Experience

---

### MoMo from MTN | Data, BI & Analytics Graduate (MTN FinTech Group)

**December 2025 - Present**

- Build and maintain data pipelines and automation workflows using Microsoft Fabric and Microsoft Power Automate to enable seamless data flow from OPCOs to on-prem databases for analysis.
- Design and maintain organizational KPI dashboards for MoMo services using Microsoft Power BI to monitor operational and business performance.
- Collaborate with team members to deliver data-driven recommendations.

### Mintek | Data Scientist Internship

**March 2025 - November 2025**

- Built and deployed machine learning models to optimise organisational operations and enhance decision-making, including fine-tuning algorithms for improved performance.
- Performed A/B testing on machine learning models to compare algorithm performance and feature variations, achieving up to 20% improvement in model selection.
- Designed and maintained organisational KPI dashboards, including research outputs, HR metrics, divisional performance, and other key areas to support real-time tracking and performance monitoring, reducing manual reporting time by 40%.
- Executed ETL processes to mine, clean, and integrate data from diverse sources (SharePoint, IFS, databases, Excel), improving data consistency by 95%.
- Leveraged SQL to extract, transform, and analyse datasets with thousands of records, optimising query performance, reducing processing time, and ensuring 99% data accuracy in reports.
- Translated complex data into impactful business insights, contributing to a 15% improvement in operational efficiency and enhanced strategic planning outcomes.
- Collaborated with cross-functional teams to deliver data-driven recommendations, resulting in a 20% increase in overall operational performance.

## Technologies & Technical Skills

---

- |  |   |
|--|---|
| • Python (Data analysis & Visualisation)                                   | • Microsoft Power BI                            |
| • SQL (MySQL, SSMS, PostgreSQL, T-SQL)                                     | • Model development & deployment                |
| • Data Mining & Management   | • Predictive Modeling & Time Series Analysis    |
| • Artificial Intelligence (NLP, LLMs, Transformers)                        | • Big Data Engineering (Hadoop, Spark)          |
| • Machine Learning (Classification, Regression, Clustering, Deep learning) | • NoSQL (MongoDB, Cassandra)                    |
| • Experimental Design (A/B Testing, Hypothesis Testing)                    | • ETL & Data pipelines (Shell, Airflow & Kafka) |
| • Cloud Services (AWS, Azure)  | • SAS (Statistical Analysis)                    |
| • Microsoft Fabric   | • Version Control (Git, Github)                 |
|  | • Microsoft Power Automate                      |

## Education

---

<b>Bachelor of Science Honours in Computer Science</b> , University of Limpopo	Feb 2024 - 2024
<b>Bachelor of Science in Mathematical Sciences</b> , University of Limpopo	Feb 2020 - 2023
<b>Matric</b> , Kgagatlou Secondary School	Jan 2015 - 2019

## Certificates

---

- Data Analyst Professional Certificate; Data Science Professional Certificate; Data Engineering Professional Certificate; AWS Cloud Practitioner Essentials : **IBM**
- IFRS 9 Expected Credit Loss Model Development & Validation; Credit Risk Modelling & Credit Scoring Using Machine Learning; Basel Accords (II,III,V): Capital Adequacy, Credit, Market, Liquidity, and Operational Risk Management: **Udemy**
- SAS Programming 1 Essentials: **SAS**
